

Water Blasting DUMP-GUNS

Efficient, Safe,
Easy to use

KMT Aqua-Dyne Inc.'s water blasting dump guns are designed to minimize trigger pull while ensuring that the release of the trigger will quickly reduce the system pressure to a minimum.

KMT Aqua-Dyne 1.035 & 1.379 bar Dump Guns:

- Most widely used style of water blasting gun in the industry for surface cleaning applications.
- Pistol grip style gun with the trigger guard and safety trigger lock to prevent accidental engagement of the trigger.
- Fore grip and shoulder stock can be adjusted for safety and comfort.
- Lightweight for ease of use.
- 48" front barrel meets WJTA Safety Standards.
- Equipped with quick change cartridge assembly for easy field maintenance – 1 minute in most cases!

Part #	Maximum Working Pressure	Connections	
		Inlet	Outlet
20003-01	1.035 bar (15.000 PSI)	1/2" NPT (M)	1/4" NPT (F)
20003-02	1.379 bar (20.000 PSI)	9/16" MP (M)	1/4" NPT (F)

Call KMT Aqua-Dyne Technical Support to discuss your application or to receive more information on any of our high pressure products.

KMT Aqua-Dyne offers a complete line of genuine KMT parts & accessories (seals, nozzles, hoses, Shape Jets & safety shrouds) to keep your pump running at top performance.

Quick Change Cartridge

KMT Aqua-Dyne Shape Jets are used worldwide for these water blasting applications

- Marine – Ship / Dock Cleaning
- Oilfield – Pipe Cleaning
- Mining – Unclog Machinery
- Automotive – Paint Booth Cleaning
- Aviation – Clean Fluids on Runways
- Power Station – Nuclear Decontamination

...and much more

1.035 bar
Dump Gun

Zero Thrust Water Blasting Gun (Sub-sea Gun)

- The Zero Thrust Gun is used for underwater cleaning of barnacles and marine growth, paint scale and rust from ships, offshore structures and a variety of other underwater cleaning applications.
- Incorporates a unique baffle cover to provide balanced thrust and steadying gun operation.
- Like all KMT Aqua-Dyne hand guns, this model has a safety lock to prevent accidental engagement of the trigger.
- Equipped with quick change cartridge piston seal Assy.
- Weight is approximately 15,2 lbs.
- 48" front barrel meets WJTA Safety Standards.

Part #	Maximum Working Pressure	Connections	
		Inlet	Outlet
20001-01	1.379 bar (20.000 PSI)	9/16" MP	1/4" NPT

Foot Operated Gun

- The foot style water blasting gun is designed to provide long lasting performance in the most rugged and demanding environments.
- The operator's foot controls the pressure leaving both hands free to feed and return flex lances, hoses, etc.
- Equipped with quick change cartridge piston seal Assy.
- Textured non-slip foot pedal is enclosed for added safety.
- Weight of the gun is approximately 15,2 lbs.

Part #	Maximum Working Pressure	Connections	
		Inlet	Outlet
20000-01	1.035 bar (15.000 PSI)	1/2" NPT	1/2" NPT
20000-02	1.379 bar (20.000 PSI)	9/16" AE MP (F)	1/4" NPT (F)
